

# Happen

Boo Seeka

Sooner or later  
Something will give, something will go  
I will be your caller  
You can remain with nothing at all  
Sooner or later  
Something will give you, something will go  
If you wanna ride my mind  
Meet me over here sometime

Free on your love, free on your love  
I am  
Free on your love, free on your love

Sooner or later  
Nothing will change if you never go  
Walk on the water  
Don't be afraid or you'll never know  
Sooner or later  
Something will give you, something will go  
If you wanna ride my mind  
Meet me over here sometime

Free on your love, free on your love  
Could I make it happen for you?  
I am  
Free on your love, free on your love  
Could I make it happen for you?  
Oh we could make it happen  
Could I make it happen for you?  
I am  
Free on your love, free on your love  
Could I make it happen for you?

For you  
For you anything  
For you  
For you anything  
For you  
For you anything  
For you  
For you anything  
For

Sooner or later  
Something will give you, something will go  
I will be your caller  
It's all overseen before we can go  
Sooner or later  
Something will give you, something will go  
If you wanna ride my mind  
Meet me over here sometime

I am  
Free on your love, free on your love  
Could I make it happen for you?  
I am  
Free on your love, free on your love

Could I make it happen for you?

Oh we could make it happen

Could I make it happen for you?

I am

Free on your love, free on your love

Could I make it happen for you?

Free on your love, free on your love

I am

Free on your love, free in your love
