# Let Me In

**Boo Seeka**

I can not explain what I've been thinking of
Just let me be, just let me be
Always in my brain, I swear I am giving up
Just let me be, just let me be

'Cause I've been missing, yeah
Yeah, I've been missing, yeah

Open up the door and let me in
Open up the door and let me in
Open up the door and let me in
Just let me be, yeah
Just let me be

I am not afraid of why I've been thinking of
Just let me be, just let me see
If I am a sane as while I've been wishing for
Just let me be, just let me be

'Cause I've been missing, yeah
Yeah, I've been missing, yeah

Open up the door and let me in
Open up the door and let me in
Open up the door and let me in
Just let me be, yeah
Just let me be

Just let me breathe, yeah

On and on and on and on and on

Go on
And on and on and on
Make me feel like
I can't go on
And on and on and on
Make me feel like
I can't go on
And on and on and on
Make me feel like
I can't go on
And on and on and on
Make me feel like
I can't go on
And on and on and on
Make me feel like
I can't go on
And on and on and on
Make me feel like
I can't go on
