

# Midnight Highlight

Boo Seeka

Treasure finding  
In my silver lining  
Fill my heart  
Like a new day  
The pressure shining  
Come with me I'm flying  
Be together somewhere  
Far away

I think we can make it  
I'm seeing sugar in your eyes  
I think we can make it  
Being sweeter in my life  
I think we can make it  
Be the sugar  
Make me shine  
I think we can make it  
I think we can make it

Dive in  
The sunlight  
All intentions tonight  
Be the reason that  
I want to stay  
Breathe in  
Goodnight  
Be my Midnight Highlight  
Simple pleasures starting

Right away

It's you that I want  
Mmm-hmmm  
It's you that I want  
It's you that I want  
It's you that I want

I think we can make it  
I'm seeing sugar in your eyes  
I think we can make it  
Being sweeter in my life  
I think we can make it  
Be the sugar  
Make me shine  
I think we can make it  
I think we can make it

Ooh  
Ooh-ooh-ooh  
Be my Midnight Highlight  
Ooh-ooh-ooh  
Be my Midnight Highlight  
Ooh-ooh-ooh  
Be my Midnight Highlight  
Be my Midnight Highlight

I think we can make it

I'm seeing sugar in your eyes  
I think we can make it  
Being sweeter in my life  
I think we can make it  
Make me shine  
I think we can make it

Ooh-ooh-ooh  
Be my Midnight Highlight  
(Ooh-ooh-ooh) It's you that I want  
I think we can make it  
(Ooh-ooh-ooh) Make me shine  
Be my midnight highlight  
I think we can make it
