

# Millennium Drive

Boo Seeka

So

You think you got the keys to it all  
Running in the footsteps of the low  
I got the chance to make it [?]  
I hear you comin'  
Please, please stay here [?]  
When I hear you comin'

I tell you, tell you let it go (Don't let me go)  
I tell you, tell you let it...  
I tell you, tell you let it go (Don't let me go)  
I tell you, tell you let it...  
I tell you, tell you let it go

What you doin' makin' the call  
Everybody takes the rest of the fall  
I've got nothin' here to recall  
I hear it comin'  
Tease, tease me at the end of the night  
When I hear it comin'

I tell you, tell you let it go (Don't let me go)  
I tell you, tell you let it...  
I tell you, tell you let it go (Don't let me go)  
I tell you, tell you let it...  
I tell you, tell you let it go

You want everything [?]  
What [?] time  
Are you dancing tonight?  
I'm alone  
Let it fall [?]  
Standing over the line  
I'ma let it[?] dry

(Don't let me go)  
Go...

(Don't let me go)  
I tell you, tell you let it...  
I tell you, tell you let it go (Don't let me go)  
I tell you, tell you let it...  
I tell you, tell you let it go

Please, just please  
I tell you, tell you let it...  
I tell you, tell you let it go  
Tease me, tease me  
I tell you, tell you let it...  
I tell you, tell you let it go
