

Tripwire

Boo Seeka

Tripwire, tripwire
My mind into another life
Come back again, come back again
Come back again
Tripwire, tripwire
My mind into another life
We'll come back again, come back again
Come back again

How long, how long till I
Keep on smiling
How long, how long till I
How long, how long till I
Keep on smiling
How long, how long till I

Rewind, rewind
My mind into a better time
Come back again, come back again
Come back again
I cannot find my
Way back from another life
We'll come back again, come back again
Come back again

How long, how long till I
Keep on smiling
How long, how long till I
How long, how long till I
Keep on smiling
How long, how long till I
Keep on smiling

Tripwire, tripwire
My mind into another life
We'll come back again, come back again
Come back again
