Chorus: KRS-One

It takes 7 Dee Jays to control a sound It takes one soundsystem playin music loud It takes 7 Dee Jays to control a sound But D-Nice, you're gonna make the party live

Bust it, yo
I love to diss whores, I love to do tours
Makin young ladies just drop their drawers
and when they drop em, I don't kick em, check it
Like the Fat Boys said, I "Brrrrrrr, STICK EM!"
From that point on, I say we're on for the night
But I love it when the girl just call me D-Nice
And if she gets bold and try to ask for a fee
I say, "Please hoe, it's all about me"

It's not the star spangled banner or the red white and blue but the underground sister from the Edutainment crew So what you do, is back up if you work for Bush Cause all the Presidential prison pushin politicians gotta get MUSHED, gimme back my land you SUCKA You beat down my father and you raped my mother Africa And now you wanna laugh at her I feel like pickin up a razor, and slashin ya Snatch up Margaret Thatcher and unmaskin her to find out she's a man without a manicure Go to President DeKlerk without askin her and BUST SOME SHOTS for South Africa And if Margaret jumps in, I start bashin her for every freedom fighter start crashin her And then Heather B will get nastier and pull out my two shot derringer Cause yes, Heather B comes classier Cause Heather B, Jamal-Ski, and KRS the trainer makes up the dope crew called, Edutainer You'll find the law of balance on the two turntables So look out for the FRESH Edutainer label
