Give it to em!

Nuff respect! And praise to the creator Over the years it seems that I became a landmark, in the hip-hop field of art I shed light, yet my skin is dark I'm not conerned with climbin the chart Cause why should you pay when it comes from the heart? I'll start, cause only Jah will create it I'll just name it, Edutainment People sit and they look at my album like a problem, they try to solve em They don't know, it only leads the way to a bright more positive day By itself, it's NOT the bright day Sit up straight, and hear what I say Fear and ignorance, I'm down for stoppin this but the bright day is your conciousness I am poet, my words will heal you I'm not a phony I'll really feel you That's why I walk and talk to my nation Wherever they are, in any situation They usually ask for an autograph And I'll whip out the pen and just write Blast--Master, K-R-S, O-N-E BDP, Peace and Unity But do not concentrate on the paper Concentrate on the laws of the creator Cause when the paper's gone, it will deceive you But Allah will never leave you

Nothing I say now is hypothetical These are the facts, a little metaphysical We are one, every heart every lung So why then was the black man hung? He was hung by the so-called Christians that went to church, and did not listen See Jesus couldn't stand politics so they nailed him to a crucifix Then it was that way, today it's a trigger So why is the Pope such a political figure? I don't know, but it's really beyond me But through knowledge, they'll NEVER con me Cause from Jesus Christ to right now everytime a black man speaks up, KA-POW See people concentrate on the leader And not the message comin through the speaker If the Christians really heard Christ the black man never would've lived this life My point is that do not concentrate on what I state, create, or debate I might be great, and you might admire But what I say is to take you MUCH higher MORE higher than the physical plane to the plane of forces in the astral plane The mental plane, and the final three They're all around you, yet you can't see

So grab the sphere of life and aim it and you'll be guided by Edutainment
