

Let Me Rap

Boogie

I love you women, but I hate you bitches
Let me rap
I love you women, but I hate you bitches
Let me rap

Yeah, uh
I'm like a bougie soccer player, I can't kick it with niggas who got no goal
s
How is you driven if niggas all in your road?
Even potholes feeling like Apollo
Shit done got Rocky, uh
That ain't ever stop me, uh
Mommy played poppy, uh
Poppy played bitch, uh
Left us in a ditch but somehow we never flinched, uh
Sitting on this bench, looking at these starters
Damn these niggas weak, knowing that we harder
They tryna guard the-
They tryna guard the best player in some slippers
I hope my background could fit up in your picture
Speaking of picture, she posing for the social
She think she global, but she forever local
That pose get you big likes, huh?
You hoes think that shit tight, huh?
But let me stop, I see a diamond in your past
And gems are carried but you only show your mask
And now your ass is getting treated like smashes
All beat up, but you done seen Cassius
Took the Clay, formed the gun then I shot
Like nigga, hey, this 'bout as fake as your plot
And word to 2Pac, but I'm all like X-Pac
Telling all you hoes "suck it"
You won't get no next shot, uh

I want some real women to touch y'all bitches
Until then I'mma say "fuck y'all bitches"
Man, real rap
I want some real women to touch y'all bitches
Until then I'mma say "fuck y'all bitches"
Real rap

I love you women, but I hate you bitches
Let me rap

Uh, now let that resonate
Same shit that got you feeling bomb can make you detonate
Don't hesitate
Tried to elevate her, but she gotta learn these steps as she stares
In that mirror, what the fuck you think reflect?
It ain't no real shit
Never put a chain over niggas I'm in the field with
And never let a ratchet leave me whipped, uh
If life is a bitch I swear she think she used to own a nigga
Now she a slave to my motherfucking dick
I built this Underground Railroad to get me out this hellhole
Walking in my shoes'd be the first time they felt soul
Brenda Had a Baby? No, Brenda had a sister too

But it's crazy cause she grew up with a different view
Recognized the problem, and figured out the answer
She grew up in detention, and now she got standards
That's real rap

I swear that story should touch y'all bitches
And if not I'mma say fuck y'all bitches
Man, real rap
I want some real women to touch y'all bitches
Until then I'mma say "fuck y'all bitches"
