

# No Way

## Boogie

Oh man  
Ugh  
No way, no way, no way, no way

Catch me catching feelings for my old hoes, no way  
Never put a bitch before my bro bros, no way  
Never talk bout business on the phone though, no way  
No way, no way, no way, no way

Stunt if they hated on ya  
But they make it seem like they waited on ya  
I ain't scared of shit but my baby mama  
No I ain't a punk I just hate the drama  
Pardon my part of me being so real but I gotta be different  
These niggas gotta be trippin  
Fuck is you seeing? Guessing you gotta get lenses  
Nigga you still got no bitches  
Still got no bitches, nigga you still got no bitches  
What the fuck wrong with these niggas  
Can't get along with these niggas  
Ain't tryna work, I won't do no songs with these niggas  
My little buzz buzz got the shawty on me  
So I passed her off to my brodie brodie  
Now she brodie wodie going down down  
On the homie homie, going going...

Catch me catching feelings for my old hoes, no way  
Never put a bitch before my bro bros, no way  
Never talk bout business on the phone though, no way  
No way, no way, no way, no way

I done fucked up and got fucked up like the whole day  
See my old thing wanna slide through, wanna swing by  
Told her go play, I'm like no way  
I done fucked up and let my new thing see my old ways  
Not a phone call, not a text message, not a Facetime like  
(No way, no way)  
I don't stand for it, better recognize I'm the man for it  
You the type of nigga spend a band on it  
I don't even ever lend a hand for it  
You the type of nigga make a plan for it  
And I don't even give a damn for it  
You the type of nigga be a fan from it  
I'm the type of nigga need a fan for it  
I been too chill, nigga too chill  
From a no-name to the whole game  
Nigga oh dang with the whole gang  
Nigga don't claim if you don't bang  
And the whole gang gettin' no plays  
Nigga no day, nigga no day  
Heard my buzz buzz, got the shawty on me  
Nigga no way, nigga no way, nigga no way

Catch me catching feelings for my old hoes, no way  
Never put a bitch before my bro bros, no way  
Never talk bout business on the phone though, no way  
No way, no way, no way, no way
