Oh you think you better than everybody?
You think you better than Brompton huh?
You too good for the hood now
You a straight bitch Piru

Yeah, yeah
Be the driver when I'm slumped
Be my nigga if you clutch
I ain't sayin' fight my battles
You ain't gotta be my crutch
Tell my momma that I love her
I don't do that shit enough
I'm with bro bro...
Wait, wait
I'm with bro bro in the cut
I love the hood you know I'm stuck

Wait, wait, wait, wait
I'll worry bout this shit tomorrow
Why the fuck you actin sus?
Wait, wait, wait, wait
Caught me lackin in the party
Swear to God I can't sit up straight
Wait, wait, wait
It's somethin bout the hood
I love it I ain't goin
Know I'm stuck
Wait, wait, wait, wait
Ah man

Pick me up when I get stranded
And I'm tryin to find a way
Still put chips up in the sandwich
Cause this shit you can't escape
Know my heart can turn to rocks
So I don't take that shit for granted
Shout out Bri Bri from the East
That little bitch had did me scandalous

You know I done been through hell huh (You know I been through it)
I'm going through it, I can't hide it (I'm going through it, through it)
You could tell huh
Come hold me down
Cause I keep runnin from myself huh
(I keep runnin from my) let you hold my burdens
It'll probably tip the scale
Led these niggas to the well
That just open up my flood gates
I come from the mud
Weeded hit me for the updates
I say free my nigga
If you know my insecurity
Just keep it on the hush
If you hit me up at 2 a-m
You gotta let me fuck

Be the driver when I'm slumped

Be my nigga if you clutch
I ain't sayin' fight my battles
You ain't gotta be my crutch
Tell my momma that I love her
I don't do that shit enough
I'm with bro bro...
