

I Touch Roses

Book Of Love

If you think I'm magical
cause roses bloom with my touch
thats mathematical
I think you think too much

I touch roses

If you try to talk with me
if you try to copy my
pocket full of poses
you still can't touch my roses

I touch roses
I touch roses
I touch roses
I touch roses

If you think I'm magical
cause roses bloom with my touch
but magics just not practical
I think you think too much

I touch roses
