I never thought I'd start to see  
You and I start to be  
Just like everyone else around  
Spreading rumors all over town

Trouble in a bubble  
Falling down  
Trouble in a bubble  
All around  
Trouble in a bubble  
Will not stop  
Trouble in a bubble  
Till it pops

All the smiles on you face  
Are just like ice cream covering cake  
The words you say are just too sharp  
For the bubble in my heart

Trouble in a bubble  
Falling down  
Trouble in a bubble  
All around  
Trouble in a bubble  
Will not stop  
Trouble in a bubble  
Till it pops

You and I start to be  
Living in a bubble

Living in a bubble
