

Yellow Sky

Book Of Love

I dream about
How it would be
If you would come
And stay with me

I'll close my eyes
And if I try
I'll be with you
Up in the yellow sky

Yellow sky

You went away
I don't know why
I forgot your face
As the weeks and months went by

Where do we go
When we die
Orange sun
Blue moon and yellow sky

Yellow sky

The thought of you
You're always on my mind
Were you scared
Of what I might find

We'll never know
Unless we try
I'll see you
Up in the yellow sky

Yellow sky
