

Digging a Hole

Booka Shade

Crawling off the walls, in the belly of the beast
Feel sick to your teeth
I've explored the darkest corners of your mind
Wasting the gifts, that had been given to you
Missing the point, losing the plot
I've explored the darkest corners of your mind

Digging a hole, in your lies
I've discovered where it is, you're hiding tries
Playing a role, in your life
I've explored the darkest corners of your mind
Digging a hole, in your lies
I've discovered where it is, you're hiding tries
Missing the point, losing the plot
Never took the time to get to know yourself, just like I do

Digging a hole, digging a hole
Digging a hole, digging a hole
Digging a hole, digging a hole
Digging a hole, digging a hole

Digging a hole, in your lies
I've discovered where it is, you're hiding tries
Playing a role, in your life
I've explored the darkest corners of your mind
Digging a hole, in your lies
I've discovered where it is, you're hiding tries
Missing the point, losing the plot
Never took the time to get to know yourself, just like I do
Just like I do
