

Monkey Town

Boombabash

I see the monkeys 'round the town
They must scream and jump around
Spreading rumours and lies
They're coming from outta the jungle
See them pushing up their fingers
Many rumours and lies
(Many rumours and lies)

Osce chiusu intra casa
Nu mme supportu
Oiu bbessu per strada
Li palazzi nun ci stannu cchiui
La gente 'a m'pacciuta
La giungla è turnata
Munnu chinu de scimmie
Ca pe passione
Te fannu na n'famata
Te minanu petre
De subbra all'alberi
Cangianu ramu
In base alla sciurnata
Tradire n'amicu
(Eh sai)

Nun bede na giusta pensata
Vive e more a core presciatu
Ci la facce mai se l'ha mucata
Vive e more a core presciatu
Ci li causi mai s'ae bbasciatu
Vive e more a core presciatu
Ci 'ntra la vita è sempre amatu

I see the monkeys 'round the town
They must scream and jump around
Spreading rumours and lies
They're coming from outta the jungle
See them pushing up their fingers
Many rumours and lies
(Many rumours and lies)

La scimmia salta, rimbalza
Osserva, ci guarda
Ma resta dietro la fronda
Si sente al sicuro
E ci prende per culo
Certa che si nasconda
Ma Biggie dammi la fionda
Abbatto quella carogna
La scimmia non si vergogna

Con la bocca come una fogna
A noi non fa paura, no
L'infame che mente e spergiura
A noi non fa paura
Quello che dice perché è spazzatura
È intelligente e neanche se ne cura
Conosce le scimmie e la loro natura

Chi parla male alle spalle
In questura (ah ah!)
Si sa che fa brutta figura

I see the monkeys 'round the town
They must scream and jump around
Spreading rumours and lies
They're coming from outta the jungle
See them pushing up their fingers
Many rumours and lies
(Many rumours and lies)

None of them my rasta
Goddamn no eyes enough
None of them my gangsta
Goddamn nobody knows
One day I met a monkey
He was crying out and jumping
"I feel a little loser
Because I want to become a good singer"
"You're just a yellow monkey
I think you're not so good for singing
Your place is in the jungle
So come back to your jungle"

I see the monkeys 'round the town
They must scream and jump around
Spreading rumours and lies
They're coming from outta the jungle
See them pushing up their fingers
Many rumours and lies
(Many rumours and lies)

I see the monkeys 'round the town
They must scream and jump around
Spreading rumours and lies
They're coming from outta the jungle
See them pushing up their fingers
Many rumours and lies
