Boondox

That's when we part the Kikdoe

You better step the fuck back (bitch I'm comin in)  
Cause I ain't fuckin round (better open the door)  
You must want you head to fuckin crack (whoo...)  
Bitch don't make me boot this fucker down

Man I've been thru it all man  
Oh yeah  
I told my bitch... hahaha...

I said, I ain't playin'  
I work all day and come home to this bullshit you say  
About we owe this and we owe that  
But you still wanna hit that Donna Sax  
And get the bag that your girlfriend got  
You sound like you wanna get shot  
Instead I leave at the titty bar I come out and  
See that you tore my car up  
You wanna lock me up

You better step the fuck back  
Cause I ain't fuckin round  
You must want you head to fuckin crack  
Bitch don't make me boot this fucker down

That's fucked up J  
You think you got it bad though  
At least your bitch ain't a slut

The devil came down to Georgia  
Well I'm headed back toward the crib  
Cause I know that witchy son of a bitch  
With a short time left to live  
I heard she liked the fast life  
But I ain't figure for a slut  
And if I catch her in the act  
Oh Boy lemme tell you what  
You know about all the rumors  
All the thoughts been goin round  
I bet a 357 go to Hell or Heaven  
Imma put em both in the ground  
Either two souls meetin Jesus  
Or three in Satan's grip  
I really don't give a fuck how it all goes down  
As long as two eat a hollow tip

You better step the fuck back  
Cause I ain't fuckin round  
You must want you head to fuckin crack  
Bitch don't make me boot this fucker down

This cheatin ass bitch!  
She's about to get and she don't even know it

Shifted into fifth gear  
With about a buck forty up on the dash

Turned up this bottle of Jim Beam while blastin some Johnny Cash  
But I ain't goin to Folsom Prison  
Sure as fuck wont walk the line  
In a ring of fire singing cocaine blues  
Wont ever serve a lick of time  
Slidin up in the front yard  
Took out the mailbox and half the grass  
Scream out damn near top of my lungs  
Bitch I got somethin for that ass!  
One loaded in the chamber  
Now I'm comin for ya hoe  
Get ready for a Newt County Ass kickin bitch  
We call it the Covington Georgia Kikdoe!

You better step the fuck back  
Cause I ain't fuckin round  
You must want you head to fuckin crack  
Bitch don't make me boot this fucker down

The only thing between you and getting that ass whipped on is the muthafucki  
n doe  
Say goodbye too the doe  
Pow!  
Good bye bitch...  
Pow!

On second thought, fuck you bitch  
You can stay in there  
You ugly anyway!...
