

Testaments

Boondox

I'm in beast mode living by the G code (G code)
Killing every mic in sight, reload (Reload)
If our enemies make a move we know
One step ahead, game deep like Pacino (Like Pacino)
Money never made me, that's what a boss say (What a boss say)
I'm the prototype killer plus I'm mob made (Plus I'm mob made)
What set you claim? Inner Skull, Tough Guy
Buk-Slap so hard guaranteed blood fly (Blood fly)
Still the good guy (good guy), at least I try to be
So why they call me villain? (Call me villain) These bitches lying to me
They get in line to see legends and legacies
And if I fall tonight then it was meant to be (It was meant to be)
Take a look into my palantír
Looks like meat is back on the menu, boys, what we having here? (What we hav
ing here?)
What I'm stabbing here, victims like Vladimir
Puttin' in work, get it? What the fuck has happened here? (Happened here)

Livin' testament, hustle game excellent
Next gen level shit, rap name relevant
Fuck your favorite rapper, that dude is bitch made
Think he hard, huh? Hit him with a switchblade
Apex eminent, alpha dog temperament
Asshole specialist, underground remnant
Fuck a mumble rapper, your game has been made
Think he hard, huh? Hit him with a quick fade

Someone tell Billie I'm the motherfuckin' bad guy
I ain't bein' silly, I'm for really, I'm the bad guy
I be in the dark and doing voodoo with the Magi
Hard to fuckin' see me like a bad eye
I just want to cut you into pieces like a magpie
My telekinesis can play you just like a bagpipe
I can see it all on your faces I got you mad right?
Cuz my face is so many places it's like a landslide
Heard you say your life is a movie, I hope the cast die (Cast die)
Soak it all in gas and let the match fly (Match fly)
And when the smoke clears I'll be standing strong at the pass
And I'm surrounded by the embers and ash, you'll never last
By my peers I've been branded as mostly a psychopath
And I believe 'em cuz I'm quick to put an end to that ass
I'm a testament to every fuckin' beat that I smash
I'm like a cheat code when it comes to murdering mass
Monoxide!

Livin' testament, hustle game excellent

Fuck your favorite rapper, that dude is bitch made
Think he hard, huh? Hit him with a switchblade
Apex eminent, alpha dog temperament
Asshole specialist, underground remnant
Fuck a mumble rapper, your game has been made
Think he hard, huh? Hit him with a quick fade

Seventeen years and the aim is still malevolent
That shit, it keep us hanging but the name is still relevant
I don't forget a thing, yeah, it's the same as an elephant

Stomp a motherfucker out and just for the hell of it (Hell of it)
Mob-affiliated ninja, if I show a gun
That trigger getting pulled with no exception, made for no one
Just pray it goes on quick, no suffering
Wipe your memory with one click, no buffering
A born pessimist, I'm playing for the worst
And we'll never hesitate to put a man in a hearse
I'll put the van in reverse, hang a shottie out the Odyssey
A surgeon with a burner giving drive-by lobotomies
No playin', nah, it don't take a lot from me
To go Saiyan God Mode and drop you with a Glock, CheyTac
Or with a Ginsu, there ain't no coming back, not even with a Senzu (Senzu)

Livin' testament, hustle game excellent
Next gen level shit, rap name relevant
