

Wild Horses

Boondox

I can't define what I came to feel
Which ways right don't know what's real
All I know is you are gone and I'm left here to carry on
This stress will leave a stain
That time just can't wash away
I'm so much greater than all this pain

I feel, you're missing out
Never got what I'm about
All that talk come out your mouth
It never meant a thing, no doubt
And whether I miss you
It's not what I'm used to
But I'm gone keep making it work
My life is a mess now
I need to address how
I let you close enough to hurt, me

And I'm screamin' that not even wild horses
They couldn't drag me, couldn't drag me back
No couldn't drag me, couldn't drag me, couldn't drag me back
Like wild horses

Now for my peace of mind I gotta let you go
And keep my cool and try my best to never let it take control of me
To never let it take control of me
To never let it take control

And I'm screamin' that not even wild horses
They couldn't drag me, couldn't drag me back
No couldn't drag me, couldn't drag me, couldn't drag me back
Like wild horses

Wild horses
Wild horses
Wild horses
Wild horses
Wild horses
Wild horses
Wild horses
They couldn't drag me back

As I look back on this road I left behind me
Not afraid of the dark I'm hoping sunlight will find me
And drive all this darkness out of this life I used to know well
And drag me and drag me from this hell

And I'm screamin' that not even wild horses
They couldn't drag me, couldn't drag me back
No couldn't drag me, couldn't drag me, couldn't drag me back
Like wild horses
And I'm screamin' that not even wild horses
They couldn't drag me, couldn't drag me back
No couldn't drag me, couldn't drag me, couldn't drag me back
Like wild horses
