

# Bad Guy

Boosie Badazz

Leave me alone, I ain't 'bout no trouble  
But I could be  
I'm just tryna get my cash again  
They gon' make me turn into the bad guy again

I'm the type of nigga to give you a job if you say hi  
But I'm not the type that's gon' let you slide if you rob me  
At Six Flags on a roller coaster probably  
Always shakin' a bacon at [?]  
I don't bother nobody for real  
I don't want me a robbery, I don't want me a body  
I just beat about it, MJ and RayRay need their papi  
Murder this shit, get sloppy  
I'd rather be in Vegas droppin' this shit on the table  
Winnin' big, picture in the waiter  
Leave me alone, I just want happiness and family time  
But I ain't no pussy, I'mma let you know, I'mma handle mine  
Hope you don't call my call and dial cause I'mma answer, man  
Shoot this 40 straight through your heart, I be your Valentine

Please, please just leave me alone  
Ain't 'bout no trouble, but I could be  
Niggas be talkin' like they gangsta  
But if I bring it to 'em party just gon' tell on me so  
Please, please just leave me alone  
Ain't 'bout no trouble, but I could be  
I'm just tryna get my cash again  
But they gon' make me turn in to the bad guy again

I never started niggas, I never bothered niggas  
I never talked at all, it was nothin', I slaugther niggas  
Got a goddess, nigga, ain't got the time to be goin' to war with you  
Cause if you don't know I know what a real street walker do  
Niggas clap for you, all day 'bout to lunch for you  
Never knew faces, always these same cases who down with you  
I'm tryna put a million dollars, not tryna hunt for you  
I'll spray you down, you goin' downtown and run your [?]  
You want beef behind a bitch, watch what she do to you  
Send you where the sun don't come out, signature nigga, Boosie crew  
I just wanna feed my fam, act a ass on Instagram  
Readin' everyday that I was in the pen, missin', man

Please, please just leave me alone  
Ain't 'bout no trouble, but I could be  
Niggas be talkin' like they gangsta  
But if I bring it to 'em party just gon' tell on me so  
Please, please just leave me alone  
Ain't 'bout no trouble, but I could be  
I'm just tryna get my cash again  
But they gon' make me turn in to the bad guy again
