Boosie Badazz

Gravity
Long as we gravitate (ah)
Don't be mad bae
You don't know the free way
Get the top at me and you (yo)
Gravity
I gravitate to your love
Don't be mad at me, mad at me
Just gravitate with a thug, thug
I better you, you better me, fuck the head
I like to see you with your nails done
Hair done, eyelash on fleek fleek
Know me and you, good sex, 3D
Girl, I eat the pussy on G-peat
We wake up and we get to it err
Wake up hearing shit from the birr
My gravity is off and I'm nervous
So look for me for my faults like Lord
I like when you remember me

You know what you doing

You fine as some wine
Fuck all these haters, if only they knew
That you want me as bad as I'm wanting you
