

Pearl Drops

Bootsy Collins

Yeah yeah yeah, yeah yeah

Tonight is the night for makin' plans for two

Come on my darling, let me show you what to do

Just hold me baby, hold me tight within your arms

Don't leave me

Baby, with you I know I can't go wrong

So just hold me, don't ever let go

Of me Show me you really

Wanna be with me You know

That you love me and you really don't wanna see me with nobody else

Cos' I love ya and I need ya, I really need ya for myself

You know that you love me and you really don't wanna see me with nobody

Else

Cos' I love and I need ya, I only want ya for

Myself

You got to turn up the music and let the groove play on

You know I can't fight this freaky feeling, while layin' here

Listenin' to your moan

Why don't you taste it baby and

Let it ooze all down your face

Sweet pearl drops of nature, it will make you feel so

Great

Love me, don't ever let go of me

Show me you really wanna be with me

You know that you love me and you really

Don't wanna see me with nobody else
Cos' I love ya and
I need ya, I really need ya for myself
You know that you love me and
You really don't wanna see me with nobody else
Cos' I
Love ya and I need ya, I only want ya for myself
You got to turn up
The music and let the groove play on
You know I can't fight this freaky
Feeling, while layin' here listenin' to your moan
Why
Don't you taste it baby and let it ooze all down your face
Sweet pearl drops of nature,
It will make you feel so great
Love me, don't ever let go of me...
As the passion
Continues to run up and down my back
Tonight is gonna be very easy
Girl, so why don't you come on over here and relax
Nobody knows
What you go thru each and every day
But when you come home to daddy
Girl, this is what I got to say
You know that you love me and you really don't wanna see me
With nobody else...
Yeah suck it up, baby
Suck pearls
Of life
Yeah, check it out
This pearl that I got for you

Girl. You know

It lasts longer than a diamond, baby Yeah

You're tender, baby

You know that you love me and you really don't wanna see me

With nobody else...
