

# Play with Bootsy

Bootsy Collins

Kelli Ali:

You know Friday wasn't my day  
All those space boys friskin' me  
I took my zoom car  
To the star bar  
Supersonic disco dream (trees)  
I heard a bass line that was so fine  
Universal radio (yeah)  
And such a cool voice  
I had no choice  
But to let my rocket go

Touch down Mister DJ  
Give me Zero Gravity (Zero Gravity)  
I've come to play with Bootsy  
From another galaxy

Bootsy:

Uhh, well uh, do you wanna get physical?  
Or spiritual?  
And remember: Just because you've got wings  
Don't mean you can fly, baby!

Kelli Ali:

Cosmic crash dab into earth lab  
Mister Robot do your thing  
Land of cool beats  
We go in deep  
take us to your funky king

Touch down Mister DJ  
Give me Zero Gravity (Zero Gravity)  
I've come to play with Bootsy  
From another galaxy  
(uhh, set your mind free,  
come fly with me, baby!)

Shake your heavenly body  
Astronomic Super Seed  
I've come to play with Bootsy  
Interstellar Love Machine

Bootsy:

So as I traveled through your angelic cosmos  
I ran into your atmosphere

Kelli Ali:

Baby we can touch down tonight  
Bootsy's goin' to set stars alight

Baby we can touch down tonight  
Bootsy's goin' to set stars alight

Baby we can touch down tonight  
Bootsy's goin' to set stars alight

Baby we can touch down tonight

You know I've got my radar on you

Touch down Mister DJ  
Give me Zero Gravity (Zero Gravity)  
I've come to play with Bootsy  
From another galaxy  
(Uhh, spontaneous combustibility)

Shake your heavenly body  
Astronomic Super Seed  
I've come to play with Bootsy  
Interstellar Love Machine  
(wiiiind me up!)

And you won't have to pay a lot  
for this muffler, baby!

Yeah, you can play with me one time, baby!
