

# Always On the Wrong Side

**Booze & Glory**

When the sun disappears and people're going home  
When outside's getting dark, you don't wanna walk alone  
Wear shiny, heavy boots, we're going make some noise  
Don't stand in our way cause we won't have a choise  
We're always on the wrong side

We're gonna break your arms and cut across your face  
We will destroy your life, it's the end of happy days  
We know we're ugly bs, but we don't give a st  
You know who we are, we're the biggest threat

We're always on the wrong side

This town is full of violence, you better watch your back  
If you don't want any trouble you better stay away  
Full of hate and aggression we cannot justify  
One thing you can be sure, we're gonna make you cry
