

## The Devil's Hand

Borealis

Take the devil's hand  
Watch the world end  
I beg for mercy

My dark reality  
I'm lost in my insanity  
Lead me away into paradise

Tears fall for your life  
Your angels coming  
We rise, you fall

Take all I have  
This doesn't have to be  
The rain will erase my fears  
The darkness shadows me  
I'm lost in a memory  
They're here, I tried, I'm sorry

Tears fall for your life  
Your angels coming  
We rise, you fall  
Leaving  
We cleanse our souls together

Final hour  
We offer the boy who's pleading  
Lost forever  
Hear his cries forever
