Haven't seen my dogs in a minute (in a minute)
Downside when you winning (turn up)
Upside as I'm back around

I'ma track them now 'cause my money up
Chain shine like the sun is up

And we live in the nightttime
I'm lit to the sunshine
Good smoke, it's a fun time
Last year's [?] squad was a punchline
I got work tomorrow, I'm like fuck it
I got work tomorrow, I'm like fuck it
'Cause I'm wide awake, go for upper
Gave every girl my number

I feel it my bones
How can I describe it
How can I describe it
I been on some fly shit
Here I go
How can I describe it
How can I describe it

Feel alive, feel alive, oh-whoa-oh

Blocking up my mileage

Bust up the silence
I'm bout to dive in
Turn up the bass, I got the wave
She wanna ride it

Like it when she ride slow
How can I describe it, whoa
Hopping out my ride, bad bitch on my side
Turn it up fast as you can count to 5
I just live my life, some say it's not right
We do what we like, bitch don't kill my vibe
In my city do whatever just to get by
In my zone now I just wanna live by

I feel it my bones
How can I describe it
