

Only Love

Borgeous

It got me feeling lost in
All these feelings that I'm locked in
I don't know what I'm feeling, no
But I know that I'm living, woah
All I ever know is I'm in trance when I'm touching you
They tell me that I say things
They tell me that I do things I wouldn't do

Even though they say it's not worth the risk
I know that's not true
They don't understand that way we feel
So I'm done loving you

Only love, it blinds us all
Only love is worth the fall
Only love, I'd give it all for love
Only love

Only love, only love
Only love, for love, only love

They want me just to give up
And tell me that I'm making it worse for us
Saying I should drop it
As if we're nothing, ooh
Just a little taste of your lips
Yeah, it makes me high
Your intoxication
Is something I'm not wasting, yeah, no

Even though they say it's not worth the risk
I know that's not true
They don't understand that way we feel
So I'm done loving you

Only love, it blinds us all
Only love is worth the fall
Only love, I'd give it all for love
Only love

Only love, only love
Only love, for love, only love

All in it, all in it
I don't know why they're all in it, all in it
But I promise that I'm all in it, all in it
As long as you are all in it, all in it

Only love
Only love is worth the fall
Only love, I'd give it all for love
Only love, only love
Only love, only love
For love, only love
