

Someone Save Me

Borgeous

Fire spreading everywhere
I feel we're running out of air
Someone save me
Set me free
This love was cursed long ago
Never had the chance to grow
Someone save me
Set me free, free
Free, free, free, free
Free, free, free, free
Free, free, free, free
Free, someone save me
Someone save me
Free, free, free, free
Free, free, free, free
Free, free, free, free
Free, someone save me

Fire spreading everywhere
I feel we're running out of air
Someone save me
Set me free
This love was cursed long ago
Never had the chance to grow
Someone save me
Set me free, free
Free, free, free, free
Free, free, free, free
Free, free, free, free
Free, someone save me
Free, free, free, free
Free, free, free, free
Free, free, save me
Free, free, free, free
Free, free, free, free
Free, free, free, free
Free, someone save me
