

# Sweeter Without You

Borgeous

11: 32, rolling up with my crew  
I ain't thinking bout you  
Whiskey on the rocks  
We about to set it off  
No, not worried about you

I'm so glad I came  
Can't let this party go to waste  
All these champagne kisses taste  
Sweeter without you

Sweeter without you  
Sweeter without, sweeter without you  
Sweeter without you  
Sweeter without, sweeter without you  
Sweeter without you

One on one, speeding just for fun  
We like riding the edge  
Feeling the rush, gonna tear up the club  
Go on, get out of my head

I'm so glad I came  
Can't let this party go to waste  
All these champagne kisses taste  
Sweeter without you

Sweeter without you  
Sweeter without, sweeter without you  
Sweeter without you  
Sweeter without, sweeter without you  
Sweeter without you

You can't sit at home  
With these pictures of us  
Sit and staring at me  
Yes, I still love, yes, I still love you

I'm so glad I came  
Can't let this party go to waste  
All these champagne kisses taste  
Sweeter without you

Sweeter without you  
Sweeter without, sweeter without you  
Sweeter without you  
Sweeter without, sweeter without you  
Sweeter without you
