

We Are Young

Borgeous

Ah ahh
Yah ah ah
Oohh ohh
Ooh Yah ah ah
Got a way of living my life
I celebrate the good things every chance I find
There is no use to get stuck in the past
'Cause everyday is beautiful ooh oh oh

Life is what you make it
No need to complicate it
Nothing is forever
We are gonna make a difference
We're both of what existence
Love keeps us together

We are young
We live and set the mem'ries of the ones we love
Who'll never disappear we'll live a legacy
Forever it's a state of mind yeah we are young
We are young
Ooh oh oh
Yah ooh oh
We are young
Oh oh oh
Oh oh oh oh oh oh oh
Oh oh

Still young and free is the way that I choose to be
No one can tell me any differently
We gotta find a way to appreciate
It is the only way we make up for our mistakes

Life is what you make it
No need to complicate it
Nothing is forever
We are gonna make a difference
We're both of what existence
Love keeps us together

We are young
We live and set the mem'ries of the ones we love
(Ones we love)
Who'll never disappear we'll live a legacy
(A legacy)
Forever it's a state of mind yeah we are young
We are young
We are young (We are young)
We are young oohh

We are young oohh
Ooh oh oh
Oh oh oh

Oh oh oh oh
Oh oh oh oh

We are young
We live and set the mem'ries of the ones we love
Who'll never disappear we'll live a legacy
(A legacy)
Forever it's a state of mind yeah we are young
