

## Wildfire

Borgeous

You and I found love in the dark  
We made up wildfire from the start  
My demons wash it away like prints in the sand  
And I wish I could turn back the time  
Just to feel you again  
Cause I would burn a thousand miles  
To be with you my wildfire

You got me free falling through the sky  
You take me to a different kind of high

You and I found love in the dark  
We made up wildfire from the start  
My demons wash it away like prints in the sand  
And I wish I could turn back the time  
Just to feel you again  
Cause I would burn a thousand miles  
To be with you my wildfire

My wildfire
