

Worst Enemy

Borgeous

I'm my own worst enemy

I play with fire
Just to burn
All these scars are
All the words
I could never say
Cause they hurt
More than anything
It gets worse

I love the pain
Live in denial
Yes, I'm insane
Don't need a trial

Lock me up
I'm guilty
Or I'll release what's in me
You're safer behind these walls

I'm my own worst enemy
I'm my own worst enemy
I'm my own worst enemy
I'm my own worst enemy
I'm my own worst enemy
I'm my own worst enemy

If you dare
Spend one day
In my head
I hope you're brave
You would find
On your stay
You've lost your mind along the way

I love the pain
Live in denial
Yes, I'm insane
Don't need a trial

Lock me up
I'm guilty
Or I'll release what's in me
You're safer behind these walls

I'm my own worst enemy
I'm my own worst enemy
I'm my own worst enemy
I'm my own worst enemy
I'm my own worst enemy
I'm my own worst enemy...
