

# Yesterday

Borgeous

Yesterday...

It was only yesterday  
When we came to say  
This is our world  
It was only yesterday

It was only yesterday!

We had to figure out  
The way we leave this town  
We burn it down and dance on the embers

It was only yesterday  
When we came to say  
This is our world  
It was only yesterday

It was only yesterday!
