

## Body and Soul

**Borgore**

My heart is sad and lonely  
For you I sigh, for you, dear, only  
Why haven't you seen it?  
I'm all for you, body and soul

My life a wreck you're making  
You know I'm yours for just the taking  
I'd gladly surrender  
Myself to you, body and soul

My heart is sad, sad, sad, sad, sad...
