

# Forever In My Debt

Borgore

What did I expect?  
You lost my respect  
Only chasing checks  
Forever in my debt  
What did I expect?  
You lost my respect  
Only chasing checks  
Forever in my debt

I'm lit, my body on fire  
The world is expired  
My fashion get higher  
I'm the renegade, I ride high  
My shit's so good I listen and cry  
I ride my music, be amaze  
Then I don't need no sex  
I don't wanna see my ex  
I be giving out check  
Let me work my effects

What did I expect?  
You lost my respect  
Only chasing checks  
Forever in my debt

I'm get my dough  
Then I get out the door  
Pussy in my sushi roll  
Special menu for the pros  
Sipping on that holy water  
Level up my aura  
Blow my brain like Nirvana  
I invented commas  
Obi-Wan, Obi-Wan  
I swear that I'm the chosen one  
And another one, another one  
Squirt like a water gun  
I feel like a big man in Dagestan  
In a school I got two's  
But I'm now number one

I'm lit, my body on fire  
The world is expired  
My fashion get higher  
I'm the renegade, I ride high  
My shit's so good I listen and cry  
I ride my music, be amaze  
Then I don't need no sex  
I don't wanna see my ex  
I be giving out check  
Let me work my effects

What did I expect?  
You lost my respect  
Only chasing checks  
Forever in my debt  
What did I expect?

You lost my respect  
Only chasing checks  
Forever in my debt

Hmm, forever in my debt  
Forever in my...
