

G.O.A.T.

Borgore

Now fuck this generation
Turned 90's skits into meanful tweet aggression
That's a bald impression
My music helps depression
Seen your girl tits on multiple occasions
Not in question I'm the G.O.A.T, no debate
I probably been with your girl on a date
I said [?]
Nostalgic, she thinks about it every time you're fucking

It's tragic to know that all these I have helped
Probably wouldn't care if I was dead
Money really get's to people's heads
They don't remember anything they said
I mean If I die than of course we were family
Likes are more important than integrity
Fuck clout, fuck socials and this industry
Bunch of bitches looking for some sympathy

If I die than of course we were family
Likes are more important than integrity
Fuck clout, fuck socials and fuck this industry
Bunch of bitches looking for some sympathy
