

Love

Borgore

I love your pretty smile
I love your needy style
I love to be able to see you are glamorous from a mile

I love the way you look
I love the way you cook
I've spent a lot time with you, your picture's on the
Facebook

Cause I love to buy you flowers
I love our hot showers
I can watch you sleeping for hours and hours

I love the way you dance
the way you shake that ass
but the thing I love the most is cumming on your face
Suck it bitch!
