

Wanna Do

Borgore

Take your clothes off
Let me bite your neck
Let me grab that ass girl
Show me how you arch your back

Let's see what you wanna do
Show me what you wanna do
Let's see what you wanna do
Show me what you wanna do

Put your hair in pony tail
Show me you're down for business
Call me daddy
You can be my little mistress

Let's see what you wanna do
Show me what you wanna do
Let's see what you wanna do
Show me what you wanna do

Let's get really weird
You should bring some of your friends
I can participate
Or I could just watch and stare

Let's see what you wanna do
Show me what you wanna do
Let's see what you wanna do
Show me what you wanna do
What you wanna do
