

Attention Please

Boris

Ah, take me to you, to heaven That overweight, red luggage Pretend not to see it, let it through

Attention please

The flight is delayed due to fog probably I'm just waiting, looking at the chairs One by one, the passers-by are heading to the gates I'm tracing the patterns on the carpet with my toe

You're just looking at me and toying me This me, fragile me

Woo, so heavy Woo woo, about to fall apart Woo woo, about to fall apart Woo, so heavy

Want to board Want to board (onto you) Why not board (onto me)
Want to board

Ah...Gate Heaven Ah...Gate Heaven Ah...Gate Heaven
