

Party Boy

Boris

The strobe light feels like smiling The eye that has a large pupil
My brain's being searched... Not "Magical illusion"

Towards me, up from above Like inviting me They take turns, one
by one The light show in the small hours

Mysterious night, ah... Like I'm dreaming, ah... Mysterious night,
ah... Like I'm dreaming, ah...

The UFO signals to me, like "Come on!" Awesome, isn't it? Can't
stop the leaking rhythm and pulse Exciting, isn't it?

Whole lotta dreams, ah... We're almost riding on the stardust,
ah... As we look on, ah... Mysterious night

Mysterious night, ah... Like I'm dreaming, ah... Very mysterious
light, ah... Like I'm dreaming, ah...

As if I'm starting dancing Like I'm dreaming, ah... Very mysterious
light, ah... Mysterious night
