

Heat Wave

Born Ruffians

Shoo shoo, shoo shoo
Shoo shoo, shoo shoo
Shoo shoo, shoo shoo
Shoo shoo, shoo shoo

You can't go on
Getting stuck in your head
You're king of none
Yeah it sucks, you're annoyed
You're just a violin in a void

It's a heat wave
Keep waving, rolling on
Through the heat wave
Keep waving, roll along, roll along

Shoo shoo, shoo shoo
Shoo shoo, shoo shoo
Shoo shoo, shoo shoo
Shoo shoo, shoo shoo

Your kingdom's gone
It was built in the mud
It rained 'til dawn
But the rain brings you joy
You're just a violin in a void

Keep on
Through the heat wave
Keep waving, rolling on
Through the heat wave
Keep waving, roll along
Like a heat wave
Keeps waving, rolls along
Through the heat wave
Keep waving, rolling on, rolling on
Through the heat wave
Keep waving, rolling on
Like a heat wave
Keeps waving, rolls along
Through the heat wave
Keep waving, roll along
Like a heat wave
Keeps waving, rolls along, roll along
Through the heat wave
Keep waving, roll along
