It Could Be So

Born Ruffians

I get up
And I get down
So low I don't have no shadow
Things get rough and I get mad
Lord help me I can get so sad

I'm all good
You're all good
It's all good
I know it could be worse
But it could be so so so much better than this
It could be so so so much better than this

I'm all good
You're all good
It's all good
I know it could be worse
Yeah

I'm all good
You're all good
It's so good
I know it could be worse
But it could be so, so, so much better than this
It could be so, so, so much better than this
