

# It Could Be So

**Born Ruffians**

I get up  
And I get down  
So low I don't have no shadow  
Things get rough and I get mad  
Lord help me I can get so sad

I'm all good  
You're all good  
It's all good  
I know it could be worse  
But it could be so so so much better than this  
It could be so so so much better than this

I'm all good  
You're all good  
It's all good  
I know it could be worse  
Yeah

I'm all good  
You're all good  
It's so good  
I know it could be worse  
But it could be so, so, so much better than this  
It could be so, so, so much better than this
