

Sinking Ships

Born Ruffians

Promise me now at the end of your life
You will watch the rising sun
One last time, just for fun
Yeah

Long time, I know
My oh my how time goes
By the wayside of your ship
As it sinks slowly slips into

It's taking over
Can't blame no other

Why will you not test the waters
Sinking ships can take no orders

Promise me now at the end of your life
You will watch the rising sun
One last time, just for fun
Yeah

Long time, I know
My oh my, how time goes by the wayside of your ship
As it sinks
Slowly slips into the sea

It's taking over
Can't blame no other

Why will you not test the waters
Sinking ships can take no orders

Come to me
I'm sinking
Sinking
Sinking
