

Supersonic Man

Born Ruffians

I wanna kiss the sky
Wanna wave goodbye at the end of days
Become a beam of light
Shooting through the night into outer space

Supersonic man
Supersonic man
Supersonic man
Go on, thrill 'em
Make 'em feel alive

Wanna feel alive
Wanna walk 'em by
But it's too late
We're never gonna die
We are seeds of time being blown away

Supersonic man
Supersonic man
Supersonic man
Go on, thrill 'em
Make 'em feel alive

Supersonic man
Supersonic man
Supersonic man
Go on, thrill 'em
Make 'em feel alive
