

# Stone

Born Without Bones

You're cold like a stone  
How did you get that way?  
How did you get that way?  
You're cold like a stone  
How did you get that way?  
How did you get that way?

See you like these tangible problems  
But I don't, I don't want to be so afraid  
To get out of bed, get out of my head  
But you won't, you don't want to be my love  
My favorite season  
Winters coming to an end  
But you're cold like a stone

How did you get that way?  
How did you get that way?  
You're cold like a stone  
How did you get that way?  
How did you get that way?

There doesn't have to be a problem  
For you to call me, for you to talk to me?  
Why does there have to be a problem?  
When you call me, when you talk to me  
There's always a fucking problem  
When you call me, when you talk to me  
Next time you have a problem  
Don't call me, don't talk to me  
Talk to me  
Cause you're cold like a stone

How did you get that way?  
How did you get that way?  
You're cold like a stone  
How did you get that way?  
Why did you get that way with me?  
You're cold like a stone  
How did you get that way?  
How did you get that way?  
You're cold like a stone  
How did you get that way?  
Why did you get that way with me?
