

Broke

Børns

She's always looking for the icing on the cake
She wants to eat it too
She's always looking for the icing on the cake
What does she want me to do?

She's got the midas touch

She's reaching deep into my pocket
Turning the glitter into gold
I ain't your sugar or your daddy baby
I just look good for being broke

She'll loot your money like a broken coke machine
She's gonna clean you out
She'll loot your money like a broken coke machine
She's got it figured out

She's got the midas touch

She's reaching deep into my pocket
Turning the glitter into gold
I ain't your sugar or your daddy baby
I just look good for being broke

Oh honey, just spend my money
Go ahead and break my heart, but baby don't break my piggy bank
Oh honey, just spend my money
Go ahead and break my heart, but baby don't break my piggy bank
Oh honey, just spend my money
Go ahead and break my heart, but baby don't break my piggy bank
Oh honey, just spend my money
Go ahead and break my heart, but baby don't break my piggy bank

She's always looking for the icing on the cake
