

## Burgundy Stare

Børns

Inside of a Burgundy Stare  
So strong, you're held right under mine  
Well there I was incomplete but aware  
You're exactly what I didn't have in mind

What a fine, what a delicate design  
My eyes lighten up like they're reflecting the sunrise  
I should be standing in line  
But it's only comprised the one guy  
And that's me  
My breathing slowed when she passed me  
I had to hold her for a second to keep from gasping  
But I just want this moment to keep on lasting

While I'm inside of a simple Burgundy Stare  
So strong, you're held right under mine  
Well there I was incomplete but aware  
You're exactly what I didn't have in mind

What I didn't expect to find  
Dear man humid line [?]  
When you slowed down the time  
Yeah you slowed everything down

You're exactly what I didn't have in mind
