

Dopamine

Børns

Wanna feel that stream of dopamine
Wanna feel that stream of dopamine

I mixed up so terribly
Your body language talking over me
And it might not be logical
But baby my mind just won't let you leave

And I'm craving your taste under my tongue everyday
Keep the forbidden fruit coming my way
I wanna feel your sugar in my veins
Baby just wanna feel

Wanna feel that stream of dopamine
Wanna feel that stream of dopamine
You sip what the devil's drinking
Hot as hell and I'm thinkin'
Baby, baby, baby can you take away my pain
Baby, baby, baby can you take away my pain

Baby I don't wanna think about it
All I wanna be is under your control
Inside of your spell, locked in your eyes
Under your influence, don't let me go

And I'm craving your taste under my tongue everyday
Keep the forbidden fruit coming my way
I wanna feel your sugar in my veins
Baby just wanna feel

Wanna feel that stream of dopamine
Wanna feel that stream of dopamine
You sip what the devil's drinking
Hot as hell and I'm thinkin'
Baby, baby, baby can you take away my pain
Baby, baby, baby can you take away my pain

Laying in your ecstasy I'm floating away [x2]

Wanna feel that stream of dopamine
Wanna feel that stream of dopamine

You sip what the devil's drinking
Hot as hell and I'm thinkin'
Baby, baby, baby can you take away my pain
Baby, baby, baby can you take away my pain

Laying in your ecstasy I'm floating away [x4]
