

Well look who showed up in my head  
A vision of you crawling in my bed  
I've been meaning to tell you that I've been  
Dreaming about you rolling a perfect joint  
Like you do

You're always perfect  
It makes me nervous  
Feels like I don't deserve you  
I'm living on the surface

Iceberg  
Iceberg

I wanna break the surface tension  
Turn the ripples that surround us into waves  
There's not a limit to love, there's an extension  
I'm hidden above the passion that hides away

Cause you're always perfect  
It makes me nervous  
Feels like I don't deserve you  
I'm living on the surface

Iceberg (my love is so much deeper than you see)  
Iceberg (my love is so much deeper than you see)  
Iceberg (my love is so much deeper than you see)  
Iceberg (my love is so much deeper than you see)

Baby, the hardest part is knowing where to start  
If I could break this ice then maybe I would melt your heart  
If I could dive down baby and show you the truth  
You wouldn't only find me but a deeper side of you

Iceberg (my love is so much deeper than you see)  
Iceberg (my love is so much deeper than you see)  
Iceberg (my love is so much deeper than you see)  
Iceberg (my love is so much deeper than you see)

You're always perfect  
My love is so much deeper than you see  
Always perfect  
My love is so much deeper than you see
