Don't go I know that I can do better
I know I'm not the best at love letters
Just don't go, don't go away
Don't go, don't go, please wait

I wrote it down
Wrote it down in a song for you
I wrote it down
Let me sing it aloud for you

Tell me what to say
Just to make you want to stay
Wait, baby maybe you could wait
I'm about to break
All my pieces blow away
Wait, wait, wait
Wait, wait, wait

Wait
I know I've been a bit of a bumner
I swear I'll like myself by the summer
Just don't go, don't go away
Don't go, don't go, please wait

I wrote it down
Wrote it down in a song for you
I wrote it down
Let me sing it aloud for you

Tell me what to say
Just to make you want to stay
Wait, baby maybe you could wait
I'm about to break
All my pieces blow away
Wait, wait, wait

Wait
